GOAL-SETTING &
RESILIENCE MAP

How & Why to use this Workbook!

Welcome to this *different* goals workbook that covers just 3 months—a quarter of a year. We believe setting short-term goals can be just as helpful and meaningful as setting big annual goals.

Because with ongoing economic issues, big social and technological changes as well as civil and political unrest around the world, it's a challenging time. We're all busier than ever, and we know it can be hard to think big and set larger goals that span an entire year or more. Yet it's more important than ever that we take what control we can of our lives—and destiny.

So this workbook offers **simple "goals" for challenging times**. We look just 3 months ahead—and also identify some tools and actions that help you become **more resilient** like gratitude, learning, self-care, how you'll enjoy yourself—and more.

This workbook starts with a review of your high and lowlights of the past 12 months. Then you'll choose *just 3 things* to achieve over the next 3 months—and that's as close as we get to "setting goals".

I hope you love this workbook, that it helps bring some organization, focus, meaning and joy to your life! And I also hope that it helps you take care of yourself—and what matters most to you.

Love

Emma-Louise

Let's Get Started!

1. Choose a cosy spot and block out an hour in your schedule where you can focus on you without interruption and complete this workbook.
2. Then simply answer the questions below to set yourself up for the next 3 months.
3. If you feel the urge to skip a question—it may mean there's something important to learn... Instead breathe deeply, settle into yourself, and put pen to paper. And of course, you can always go back and add things later!

Step 1 - Highlights & Lowlights

1. What were the *best* parts of the last 12 months for you?

- What are you grateful for?
- What did you learn?
- What did you achieve?
- What fun did you have?
- What difference did you make?
- What relationships did you grow?

2. What were the *worst* parts of the last 12 months?

- What was hardest for you?
- What challenges did you overcome?
- What are you disappointed about?
- Where did you get in your own way?
- What relationships have been more disconnected?

Step 2 - What to Focus on for the next 3 months

3. What's most important in life right now? My Top 3 Priorities are:

1. _____

2. _____

3. _____

4. How do you want to feel over the next 3 months?

What do you need? Describe how do you want to feel both emotionally and physically.

5. What 3 things will you focus on being thankful for?

What we're thankful for teaches us what we value most in life. It's also a great practice that helps us appreciate the life we already have. When we place our focus here, this helps us grow from our difficult experiences.

1. _____
2. _____
3. _____

Step 3 - Achievements & Barriers

Over the next 3 months:

6. What 3 specific things would you like to achieve?

Areas to consider include Home, Career/Occupation, Friends, Family, Fun, Finances, Learning & more.

- What gets you inspired or excited?
- What's important to get done?
- If you did just 3 things, what would they be?
- Big or small, what would make you proud?

1. _____
2. _____
3. _____

1. _____
2. _____
3. _____

7. What challenges do you anticipate?

- What could get in the way of accomplishing your 3 things?
- What do you expect to be hard/difficult?
- Where might you get in your own way?

1. _____
2. _____
3. _____

8. Which of your strengths will help you through the next 3 months?

Step 4 - Learning & Making a Difference

Over the next 3 months:

9. What will I learn? How will I grow?

Making sure we keep learning during difficult times empowers us.

- Where will you stretch yourself?
- Thinking ahead (into the next 12 months), what knowledge would be useful for you to increase?
- What skills could you develop?
- What would be fun to learn?

10. How will I contribute & make a difference?

However small our contribution, looking outward as well as inward adds meaning to our lives. Here are some questions to help:

- What are you already doing, that you will continue to do?
- How else could you help the planet?
- What will you reduce/repair/reuse/recycle?
- How might you help others?
- Where could you donate your time, goods or money?
- What is just one small thing you could do?

Step 5 - Enjoying Life...

Over the next 3 months:

11. What books will you read?

Audiobooks and Podcasts count too!

So will it be a novel, autobiography, essay collection, poetry, short stories?

- *Will you read purely for pleasure or to learn?*
- *Do you want to think, relax or have an adventure?*
- *What new genre could you try out and expand your horizons?*
- *What reading adventures await you?*

12. How else will you have fun, take care of & enjoy yourself?

- *Where will you enjoy yourself?*
- *What will you do to take great care of yourself?*
- *What pleasures can you plan in (however small)?*
- *How could you play more?*
- *How will you move your body (whether it's exercise, dance, hiking, yoga or something else)?*
- *What makes your heart sing?*

Step 6 - Boost Your Success

Pick an uplifting *theme* to sum up your next 3 months

Choose a Cheerleading Team

*Who leaves you feeling better about yourself after spending time with them? Who inspires, supports & encourages you?
eg. Friends, Family, Gym-buddy, Colleagues. Be sure to write what you specifically need them to do to support you.*

1. _____ HOW Specifically? _____

2. _____ HOW Specifically? _____

3. _____ HOW Specifically? _____

About the author: Emma-Louise Elsey fell in love with personal development in 2003. She'd created a life that had everything she *thought* she wanted, but she wasn't happy on the inside. Thinking it would help, she quit her successful career to become a life coach and moved to a new country - but still struggled to be truly happy. Slowly she learned that self-kindness IS the answer to finding peace within - along with great courage. She realised we are ALL much braver and more capable than we realise. With Fierce Kindness, *everyone* can create a life and self they love. And she's dedicated herself to helping people do just that.
